**PREVAILING WAGE
INSTRUCTIONS AND REQUIREMENTS
FOR STATE FUNDED CONSTRUCTION PROJECTS**
29 V.S.A. Section 161(b)

How do I determine the prevailing wage for an occupation ?

1. Find the geographic area where the job is located (map and list of towns on pages 6-7).
2. Use the wage table for that geographic area (pages 3-5).
3. Find the appropriate occupation.

What are the geographic areas ?

Occupational wages are available for 3 geographic areas (map and list of towns on pages 6-7).

*Burlington-South Burlington Metropolitan Statistical Area
Northern Vermont Area
Southern Vermont Area*

Which projects are covered ?

Any project authorized or funded by the "Capital Construction Act" which cost more than \$100,000.

Which occupations are covered ?

This prevailing wage requirement is only applicable to the list of construction occupations and geographic areas that follow.

What is the wage requirement ?

All construction employees shall be paid no less than the mean (average) prevailing wage published by The Vermont Department of Labor. The mean prevailing wage rates published here are effective as of July 27, 2011. These rates will remain in effect until the next update, anticipated in June 2012.

Do these wages include the cost of Fringe Benefits ?

No. Wages are straight-time, gross pay, exclusive of premium pay and do not include the cost of fringe benefits.

Is a Fringe Benefit package required ?

No. The prevailing wage law does not include a fringe benefit requirement.

What is the source of the wage rates ?

Prevailing wage rates are based on the latest Occupational Employment and Wage Survey information released in June 2011. Additional information is available at www.vtLmi.info, "Wages & Income", or call the Economic & Labor Market Information section at (802) 828-4202.

Where can I get more information or assistance ?
